# Nonsense @ raymonds brain

You are old  
father Raymond

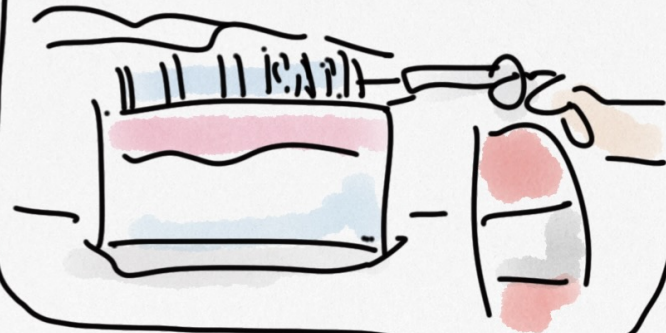

And your hair has  
become much less dense

And yet you incessantly  
stand on your head.

Do you think,  
at your age,  
it makes sense?

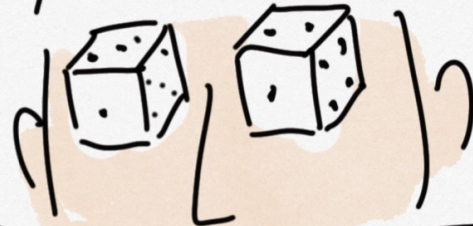

ED JAMACASHUN @raymondsbrain

In the free course  
on COURSERA on

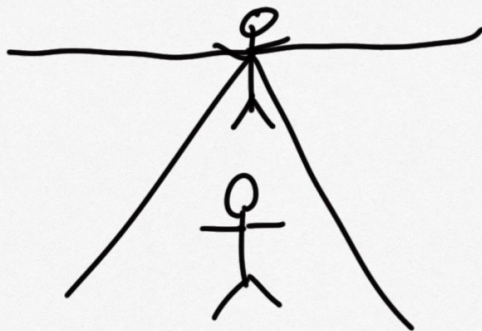

Cognitive Science,  
I learned that

We perceive the world  
according to what our  
experience and 'wiring'  
say is most likely.

This is the reason  
for illusions...

And maybe the  
trouble we have with  
unprecedented events.

DOG DAY AFTERNOON @rahmondsbrain

Am mid-day walkies.

Ooh! Car-car.

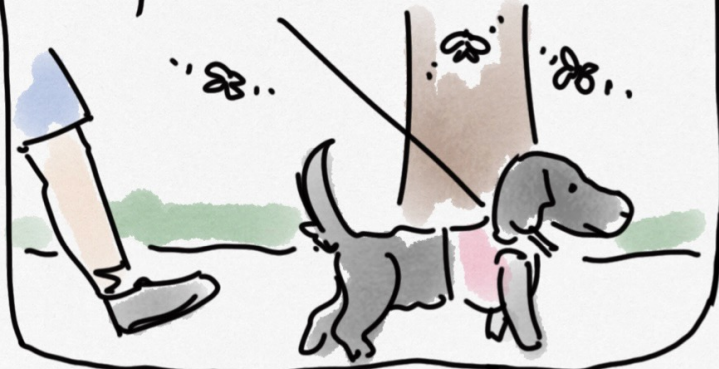

Oh no - I know this smell...

the GROOMER!!

# Why nature abhors a vacuum @raymondsbrain

On our evening walk many moths were out.

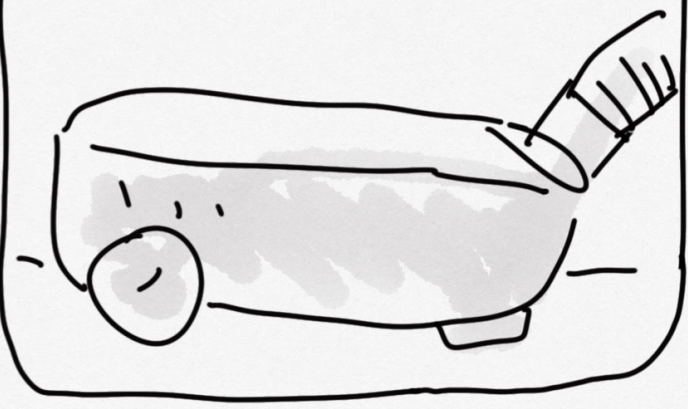

On our return, a few got in.

I removed them with extreme prejudice.

Just hope they aren't planning revenge.

I wear SHORTS.

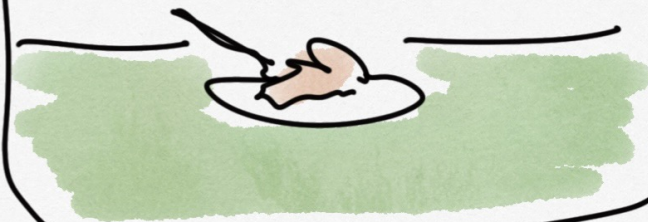

I'm SHORT of breath.

And SHORT tempered.

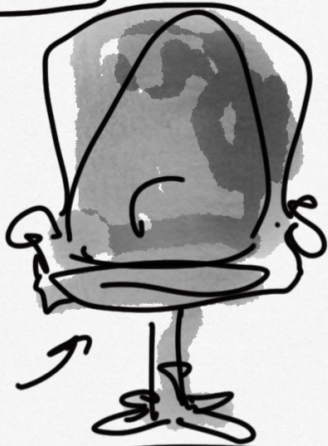

Life is SHORT;

# VOTING @raymondsbrain

In grade 8, I ran for Prime Minister of our school.

I lost, even though I was clearly the superior candidate

So I am skeptical of elections, but I still vote because—

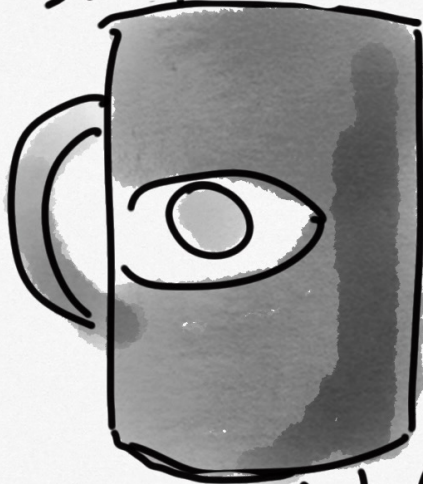

Japanese Canadians didn't always get to.
